

### 1. MORNING

Got a letter from a former friend  
Said I killed him in his dream  
Got a job at the local store  
But it makes me wanna scream

Got a thing with a pretty thing  
But she's running all the time  
I don't know who to be with her  
And she makes me wanna cry

So I lay awake until it's morning  
Cos' it's so peaceful until dawn  
I stay awake until the morning  
And it seems time to move along

Yeah Yeah Yeah

Got much better than I was before  
But it took me quite a while  
Got beyond the desperate need to score  
And I lost that painful smile

But I still got a lot to learn  
Before I totally unwind  
And daily life it uses up my time  
So I sometimes get unkind

So I lay awake until it's morning  
Cos' it's so peaceful until dawn  
I stay awake until the morning  
So I can write another song

Yeah Yeah Yeah

### 2. Sleep ON

Several times you've been a witness now  
Many miles you've left behind  
Your path seems steep  
Your path seems hollow  
Ancient drones marking the skies

Beauty sleeps where power struggles  
Our tired hearts way too scared to fly  
Awaiting help avoiding sorrow  
Can tremblin' hands still save the day

Sleep, sleep on, and be evasive  
Sleep on, not all is lost  
Sleep on, and keep pretending  
Think you're home, sleep on

You look within and still find nothing  
And your eyes, so sad and weary now  
Lust for goods, and lust for safety  
Your favourite dress can't help you now

Nothing remains, all left unspoken  
As we hide behind our smiles  
Nothing changed, poor modern people  
Believing still, we'll remain safe

Sleep on and stay evasive  
Dream on, you are alive  
Sleep on and just keep adding  
Sleep on within the hive

### 3. JUST TONIGHT

Here we are and I can't think from all the pills you  
made  
Start the car and take me home  
Here we are and you're too drunk to hear a word I say  
Start the car and take me home

Just tonight I will stay  
And we'll throw it all away  
When the light hits your eyes

It's telling me I'm right  
And if I, I am through  
And it's all because of you  
Just tonight

Here I am and I can't seem to see straight  
But I'm too numb to feel right now  
Here I am watching the clock that's ticking away  
my time  
I'm too numb to feel right now

Just tonight I will stay  
And we'll throw it all away  
When the light hits your eyes  
It's telling me I'm right  
And if I, I am through  
And it's all because of you  
Just tonight, just tonight

Do you understand who I am?  
Do you wanna know?  
Can you really see through me now?  
I am about to go

Just tonight I won't leave  
And I'll lie and you'll believe  
Just tonight I will see  
It's all because of me

Just tonight I will stay  
And we'll throw it all away  
When the light hits your eyes  
It's telling me I'm right  
And if I, I am through  
And it's all because of you  
Just tonight

(Do you understand who I am?)  
It's all because of you  
Just tonight  
(Do you understand who I am?)  
It's all because of you  
Just tonight  
(Do you understand who I am?)  
It's all because of you  
Just tonight

### 4. WHY DON'T YOU JOIN ME?

Jenny why did you wait?  
Get some water this way, get some water this way  
Why you settle for this really blows me away  
Get some water this way, get some water this way  
Carry wanted to know, why everyone is the same  
Then she ran from me, now she seems so afraid

I watch you settle in, 'Can't we go ridin'?'  
See what you never will welcome in?

What my love did you sing?  
It's great you come away with me  
I could settle here if you would this time stay with me

Now what light did you see?  
What did you want me to be?  
Everyone can't always act in a way that you will be  
pleased with

So hey why you're looking away, away in the wind  
Don't you know you cannot ask for what you ain't  
giving me?!

Ha, why don't you let me be?  
And come away to see  
Whatever seems to be so scaring to see?  
Why don't you join me?  
Why don't you join me?

Hey girl you can try to leave all this stuff behind  
I'm not the one to hide from  
You don't have be alone,  
Just because of him

Hey in a little while you'll roll.  
And you'll be swimming in the sea  
Just you and me, free

So why don't you call on me every time it hurts?  
Why don't you kiss me?  
And I'll sweep away your curse.

### 5. NO!

Y'say no! Y'say no!  
Y'say no! Y'say no!

Whatever I want, whatever I say  
Whatever I do, whatever I pray for

Y'say no! Y'say no!  
Y'say no! Y'say nooooo!

Did I ever get anything  
Did I ever ask why  
Did I ever do anything  
Or did I tell you a lie

Did you ever give me a ring  
Did you ever just smile  
Did ya ever appreciate  
All the stuff I have tried

Cos' whatever I want, whatever I say  
Whatever I do, whatever I pray for

Y'say no! Y'say no!  
Y'say no! Y'say nooooo!

I get so fucking tired  
Cos' I'm constantly trying  
I get so goddamn angry  
Of your constant denying

I gave my heart to you now  
And you don't give a shit  
I tried to please you always  
Fuck you girl now I've had it

Cos' whatever I want, whatever I say  
Whatever I do, whatever I pray for

Y'say no! Y'say no!  
Y'say no! Y'say nooooo!

### 6. NO ACCUSATION, JUST CONFESSIONS

And every time you go it feels like you're leaving me  
And when things feel right it's not what is seems to be  
And I know that you love me but I feel alone  
And all I want to see is your name on my phone

And all I want to hear is your voice  
And my head says no, but I don't have a choice  
And tears and tears and tears will fall  
And I really wish that you would call  
And I know it's not the answer, but god  
It hurts when I think, and I think a lot

And when I am alone, I drive myself crazy  
And it's not the normal doubting, you see  
And I doubt myself, the world and even you  
And then I do what I'm not supposed to do

And I let myself down, all the way down  
And when we talk I feel like a sad clown  
And I want you to see me, how I feel  
And I want you to realise it is a big deal  
And I know you need distance, but I need you here  
Not just with me, I need you to feel my fear

And when I miss you, I can't see beauty  
And sometimes I even forget you're a cutie  
And I don't want to listen to the crap in my head  
And all I want is you and your love instead

And I know it's not possible, I know it's insane  
And I know I ask much, but I can't handle the pain  
And it's fucking frustrating to feel like this  
And I wish you were here, 'cause I could use a kiss  
And I'm done with this but I am stuck  
Well, sometimes I feel like you don't give a fuck

And I still think have to lose some weight  
And it's not because of you, I think you are great  
And yes, It's in my head, I know it's dumb  
And I think I'm alive but I feel numb

And I'm trapped in my body and my mind  
And I hope there's a way out that I can find  
And I wish you will understand it one day  
And if wishing doesn't work I think I will pray  
And no, I don't believe in the above  
But you know, I do believe in love

### 7. come to me, dear

I speak through these riverbeds  
I share all I am hearing  
These hills speak in ancient tongues  
Do you sense their silent knowing

Come to me dear  
Come to me  
Come to me dear  
No more mourning

I bend to the rosemary  
And crave for final stories  
With me your life will prevail  
With me there's no knowing

Come to me dear  
Come to me  
Come to me dear  
This sacred morning

For you I have fetched this tired space  
With it's ratched longings  
For you save this human race  
Despite it's greedy selfish ways

There's no end to it dear  
Feel the shifting of the season  
There's no end to it dear  
Many men call treason reason

Come to me dear  
Come to me  
Come to me dear  
No more mourning

### 8. I Dare U

Did you ever try to understand  
Ever tried and wondered  
Why you care for one thing  
And not the other

Ever looked within your mind  
And seen the basic tension  
Ever looked into my eyes so deep  
To see I'm your extension

I do; I am; I breathe; I dare U  
I see; I feel; I dream; I dare U

So come on; get in; get on; get wild now  
Come on in; get out; don't think; do something

### 9 - Let me go my dear

Take this life from me  
For I'm too tired to carry on  
Share this night with me  
Until we see the morning sun

Holding on is just too much to bear  
I'm feeling cold and all I do is stare

Won't you lie with me  
We had our time but now it's done  
Dim the lights for me  
I love you but I gotta move along

I got nothing left to loose and cannot win  
I'm waiting by the door to step on in  
I gave you all I got from deep within

Now let me go my dear, and set me free

End this fight for me  
I can no longer play the game  
Help me out my dear  
Cos right now I am still sane

Bring me something quick to ease the pain  
Nothing ever will be quite the same  
This thing will slowly eat away my brain

So let me die right here, and set me free

### 10. so LONG (the SNIPER)

Outside of the code  
Into the dark  
I'm out here alone  
Lying here awaiting your mark

But you never called in  
I don't know where to go  
I'm freezing up  
And (man) it's beginning to show

Waiting so long, Waiting so long  
Waiting so long, Waiting so long

### 12. JULIA

Julia, I wrote you this song  
Cause I know that you and I can prove them wrong  
Oh Julia, all we need is time  
When we are together, everything is fine

Until that day, I shall pray...  
Hopefully, we'll be okay  
And on that day, I shall say...  
Oh my love, we'll be okay

Julia, you're the one who rules my life  
So I want you to become my wife  
Julia, I need you to believe  
Once I'm yours, I will never leave

Until that day, I shall pray...  
Hopefully, we'll be okay  
And on that day, I shall say...  
Oh my love, we'll be okay  
Okay, Okay, Oh my love, we'll be okay...

### 13. PRAYER

I heard this song dear, just like a prayer  
And I don't know what it will bring  
Just heard the tune dear, so clear and ringing  
I thought of you, you make me sing

And in some way it was clear to me  
And I just knew that you were fine  
But it's been t'long since I was close to you  
And told you you're mine  
Sometimes we are so blind

So here I am love, so full of wonder  
And I would like another chance  
Cos' I saw an angel, wearing your face  
Gracefully smiling as she danced

And in some way I could clearly see  
And I just knew that you were fine with me  
It's been too long since I held you tight  
And told you you are mine  
Sometimes we are so blind

### 14. DO YOU KNOW ?

Do you know how hard I'm trying  
Do you know how much life hurts  
I feel alone and try to reach you  
But I'm afraid to let you down  
Cos' I wanna drown

Voices tell me I'm a burden  
To anyone who cares at all  
I think 'bout life and see just darkness  
Feelings coming on so strong  
Wanna run

The past still haunts me it's all demons  
The future seems to have no sun  
My mind is running round in circles  
Just wanna get out and be gone  
Let it be done, let it be done

Cos' I'm too tired to keep on trying  
And I can't take it anymore  
I am so low but try to feel you  
Cos' I know I love you still

And help you will  
Cos' you can't keep still, and help you will

### 15. MARY AND THE DEVIL

Been waiting for an angel  
Cos' I thought I passed the test  
Been counting on a blessing  
To lay my soul to rest

And then I saw a doorway  
And I just looked inside  
There was a dark man almost hiding  
He had a spark... right in his eyes

Drank more than I could handle  
And I stumbled on inside  
He turned and started smiling  
He seemed suck up all the light

I asked if he could help me  
And he pointed to the sky  
If you like a taste of freedom  
You only... need to die

And I knew he was a devil  
So I hit him in the face  
He turned into a woman  
Of unimaginable grace

I saw that it was Mary  
And I got lost somewhere in space  
I ripped the flesh right of my bones  
And disappeared without a trace

And now I have no body  
And now I have no mind  
Right now I am not really living  
Right now I am... all right
